Custom textile artworks designed specifically for your space is a unique opportunity to really explore just what is possible with textile art. All of the work I do is densely hand stitched to give each piece physical as well as visual texture. These artworks can incorporate hand dyed textiles, commercial textiles, as well as rust pigmentation.

After reviewing my portfolio or web site, you can use any of the artworks shown there as a starting point for what you would like designed for yourself.

To order your own custom, handcrafted textile artwork, please fill out the form below and mail it to the address above along with the initial 1/3 payment. One third is due at the time of the order. Invoices will be mailed or emailed for the 2nd and 3rd payments.

The 2nd one-third payment is due when the artwork has been constructed. Photos will be either mailed or emailed to the customer to show the progress on the commission. When the 2nd payment is received, the hand stitching will begin. The final payment is due prior to shipping of the finished artwork. Once again, photos will be either mailed or emailed to the customer showing the completed piece.

All artworks have unbleached muslin for the backing fabric. Please call or email if you have questions before submitting your order. The sizes below are common options or you can also select the Custom Size option. Your artwork could be an inch or two larger or smaller depending on the amount of hand quilting.
